September 2022

You'll enjoy a trip around 200 acres of semi-manicured natural barrier island terrain.
Often, golf will take a back seat to the natural setting surrounding you. You'll enjoy picturesque views of the Sanibel River, which lazily follows you around the course.
All levels of golfers will find the course fair yet challenging, with only two greens fronted by water. So let your pursuit of birdies & eagles begin... along with a few alligators, crocodiles, iguanas & bobcats.
